

# HISTORY OF CLASSICAL SCHOLARSHIP IN FINLAND: A BIBLIOGRAPHY

ROLF WESTMAN

During the last fifty years, the activity of classical scholars in Finland has become well-known in the international scholarly world. But interest in Classics was by no means absent in Finland earlier; in fact the roots of it go back to the Middle Ages.

Below, I have attempted to create a bibliography of the *history* of classical scholarship in Finland. Works and articles are listed from which it is possible to see what various aspects of this scholarship have been like.

It has seemed desirable to include books and articles in the national languages of Finland, namely Finnish and Swedish. Translations of their titles are added.

References within the bibliography are given by numbers (no.).

Abbreviations for some serial publications (following Aalto, no. 1): AASF = *Annales Academiae Scientiarum Fennicae*; Å = Årsbok - Vuosikirja (Yearbook) of the *Societas Scientiarum Fennica*; ÅÅÅ = Årsskrift utgiven av Åbo Akademi (Yearbook published by Åbo Akademi University); HA = *Historiallinen Aikakauskirja* (Historical Journal, published in Helsinki); Ö = *Öfversigt af Finska Vetenskaps-Societetens förhandlingar / Comptes rendus des séances de Societas Scientiarum Fennica*; SLSFS = *Svenska Litteratursällskapet i Finland, Skrifter*; STAEP = *Suomalaisen Tiedeakatemian esitelmät ja pöytäkirjat* (Lectures and minutes of the Finnish Academy of Sciences).
