

## Index to genera and species, Volume 5 (1994)

### Acari

- Ameronothrus dubinini* Sitnikova 177, 180, 184  
*Berniniella bicarinata* (Paoli) 214  
– *sigma* (Strenzke) 214  
*Camisia horrida* (Hermann) 184  
*Ceratoppia bipilis* (Hermann) 177, 180, 181, 184  
*Chamobates spinosus* Sellnick 213, 215  
– *voigti* (Oudemans) 216  
*Diapterobates humeralis* (Hermann) 177, 180–181, 184  
*Gymnodamaeus bicostatus* (C.L. Koch) 213–214  
*Microzetorches emeryi* (Goggi) 213–214  
*Moritzoppia keilbachi* (Moritz) 214–215  
– *tridentata* (Forsslund) 215  
– *unicarinata* (Paoli) 215  
*Nothrus invenusta* (Michael) 213  
*Odontocephalus elongatus* (Michael) 213–214  
*Oligonychus ununguis* Jacob 182  
*Oppiella minidentata* (Subias) 213  
– *minidentata* (Subias) 215  
*Oribatella calcarata* Koch 184  
– *sexdentata* Berlese 213, 216  
*Quadroppia michaeli* Mahunka 213, 215  
– *quadricarinata* (Michael) 215  
*Scutovertex sculptus* Michael 215  
*Trypochthonius* sp. 184  
*Xenillus latus* (Nicolet) 213–214  
*Xylobates capucinus* (Berlese) 213, 215

### Coleoptera

Further 59 taxa are listed on pp. 162–163, and many of them discussed on pp. 157–167.

- Agabus* 169–170, 174  
– *adpressus* Aubé 169–171  
– *adpressus*-group 169–171  
– *angusi* Nilsson sp. n. 169, 172–174  
– *approximatus* Fall 172  
– *chalconatus*-group 170  
– *clypealis* (Thomson) 169, 173, 174  
– *confinis*-group 169, 172, 173  
– *congener* (Thunberg) 174  
– *discolor* (Harris) 169, 172–174  
– *erichsoni*-group 170  
– *haeffneri* Aubé 170  
– *levanderi* Hellén 169, 172–174  
– *mimmi* J. Sahlberg 170  
– *opacus* Aubé 170

- *opacus*-group 170  
– *sahlbergi* Sharp 170  
– *solus* Lecch 170  
– *udege* Nilsson sp. n. 169–173  
– *wasastjernae* C. R. Sahlberg 170  
*Agrilus pseudocyaneus* Kiesenwetter 2  
*Anacaena lutescens* (Stephens) 55  
*Atomaria pseudaffinis* Johnson & Strand 6  
*Berosus fulvus* Kuwert 55  
*Cercyon borealis* Baranowski 55  
– *emarginatus* Baranowski 55  
*Ceutorhynchus pollinarius* (Forster) 6  
*Clambus* 1  
– *nigrellus* Reitter 1, 2  
*Coccidula scutellata* (Herbst) 1  
*Colymbetes subquadratus* Motschulsky 170  
*Cossonus cylindricus* Sahlberg 2  
*Cyllodes ater* (Herbst) 203–204  
*Cyphea latiuscula* Sjöberg 6  
*Dianous coerulescens* (Gyllenhal) 1  
*Donacia tomentosa* Ahrens 6  
*Eucnemis capucina* Ahrens 2  
*Gaurodytes adpressus* (Aubé) 170  
– *angusticollis* J. Sahlberg 170  
– *discolor* (Harris) 172  
*Gnypeta ripicola* (Kiesenwetter) 1  
*Gyrophana* 39  
– *affinis* Mannerheim 39, 40  
– *kangasi* Rütanen sp. n. 39, 40  
– *obsoleta* Ganglbauer 39, 40  
– *rosskotheni* Wüsthoff 39, 40  
– *rousi* Dvorak 39, 40  
*Haenydra* 53  
*Hydraena* 53, 54  
– *belgica* d'Orchymont 53  
– *brütheni* Joy 54  
– *excisa* Ganglbauer 53–55  
– *gracilis* Germar 53–55  
*Hydrochus megaphallus* Berge Henegouwen 55  
*Hydrovatus* 103  
– *asymmetricus* Biström & Wewalka sp. n. 103, 104  
– *turbinatus* Zimmermann 104  
*Hypera viciae* (Gyllenhal) 1  
*Ilybius* 170  
*Magdalis* 5  
– *ruficornis* (L.) 5  
*Malthodes* 2  
– *fibulatus* Kiesenwetter 2  
– *maurus* (Laporte de Castelnau) 2  
– *misellus* Kiesenwetter 2

*Mycetochara flavipes* (Fabricius) 201  
*Mycetophagus fulvicollis* Fabricius 201  
*Nargus badius* (Sturm) 2, 3  
 – *velox* (Spence) 2, 3  
*Ochthebius kaninensis* Poppius 55  
 – *nilssoni* Hebauer 55  
 – *rugulosus* Wollaston 55  
*Oryctes nasicornis* (L.) 3  
*Paromalus parallelepipedus* (Herbst) 201  
*Philhygra obtusangula* Joy 1  
*Ptilinus fuscus* Geoffroy 201  
*Ptomaphagus sericatus* (Chaudoir) 3  
 – *subvillosus* (Goeze) 3  
*Scolytus* 5  
*Sphaeridium marginatum* Fabricius 55  
 – *substriatum* Faldermann 55  
*Thinodromus arcuatus* (Stephens) 1  
*Trichonyx sulcicollis* (Reichenbach) 3  
*Triplax rufipes* (Fabricius) 201  
*Xyletinus tremulicola* Y. Kangas 201

### Collembola

*Anurophorus septentrionalis* Palissa 185  
*Entomobrya nivalis* (Linnaeus) 185

### Diptera

*Botanophila silvatica* (Robineau-Desvoidy) 186  
*Bradysia* 42  
 – *spinipennis* Sasakawa 41, 42, 48  
*Chromatomyia linnaeae* Griffiths 187–188  
*Ctenosciara* 42  
*Dialineura anilis* (Linnaeus) 186  
*Dinempheria* 13, 14, 16  
 – *enigmata* Väisänen sp.n. 13-15  
*Dolichosciara* 41-43  
*Drosophila buzzatii* Patterson & Wheeler 149  
 – *hydei* Sturtevant 149  
 – *mercatorum* Patterson & Wheeler 149  
 – *repleta* Wollaston 149, 150  
*Echinopodium* 16  
*Exechia separata* Lundström 186  
*Exechia* sp. 186  
*Lobosciara* 41-43  
 – *adebratti* Vilkkamaa & Hippa sp. n. 41, 43, 45-47  
 – *bilobata* Vilkkamaa & Hippa sp. n. 41, 43, 44, 46, 47  
 – *latiloba* Vilkkamaa & Hippa sp. n. 41, 43, 44, 47, 48  
 – *spinipennis* (Sasakawa) 41, 43, 46-48  
 – *trilobata* Vilkkamaa & Hippa sp. n. 41-43, 45, 47, 48  
*Moriniola* 13  
*Mycoleia* 16  
*Mycomya* 13, 14, 16, 18, 19  
 – *affinis* (Staeger) 20  
 – *edra* Väisänen sp. n. 13, 20, 21  
 – *lightfooti* Edwards 13, 18, 20

– *londti* Väisänen sp. n. 13, 18-20, 22  
 – *malkini* Väisänen 20  
 – *marginata*-group 18-20  
 – *natalensis* Väisänen sp. n. 13, 16-19  
 – *trilineata*-group 20  
*Mycoya* (*Mycomyopsis*) 20  
*Mycomyiella* 13, 14  
 – *camerouensis* Matile 22  
 – *irwini* Väisänen sp. n. 13, 21, 22  
 – *sericulata* Matile 22  
*Neoempheria* 13, 14, 16, 24  
 – *ornata* Okada 16  
 – *transvaalensis* Väisänen sp. n. 13, 22-24  
*Parempheriella* 13  
 – *australis* Väisänen sp. n. 13, 25, 26  
 – *flava* (Matile) 26  
 – *isoseta*-group 26  
*Pegohylemyia* sp. 186  
*Pegomya geniculata* (Bouché) 186  
 – *maculata* Stein 186  
*Pegomya* sp. 186  
*Phytomyza periclymeni* DeMeijere 188  
*Phytosciara* 42  
*Prosciara* 42, 147  
 – *didactyla* Kjørandsen sp. n. 147, 148  
 – *megachaeta* Hippa & Vilkkamaa 147, 148  
*Scatopsciara* 42  
*Suillia atricornis* (Meigen) 186  
 – *bicolor* (Zetterstedt) 186  
*Syndocosia* 13  
*Tarnania fenestralis* (Meigen) 186  
*Thereva nobilitata* (Fabricius) 186  
*Tipula* 49  
*Tipula* (*Tipula*) 49, 50  
 – *czizeki* de Jong 49, 50  
 – *fimbriata* Meigen 49  
 – *oleracea* L. 49-52  
 – *paludosa* Meigen 49-52  
 – *subcunctans* Alexander 49-52  
*Viridivora* 13  
*Xenopygina* 42

### Heteroptera

Further 59 entries from Iraq listed on pp. 87-95.

*Acrosternum millierei* (Mulsant & Rey) 155  
*Aethus perithrix* Mancini 154  
 – *pilosulus* (Klug) 155  
*Anepsiocoris encaustus* (Puton) 155  
*Atomoscelis brevicornis* Reuter 211  
*Atractotomus magnicornis* (Fallén) 184  
*Camptocoris typus* (Diatant) 155  
*Coranus angulatus* Stål 155  
*Coridius viduatus* (Fabricius) 155  
*Cyrtopeltis (Campyloneuropsis) pygmaea* Wagner 211  
*Cyrtopeltis khalafi* Seidenstücker 212

*Dieuches forbesi* (Kirkaldy) 155  
*Elasmotethus brevis* Lindberg 6  
*Ellenia* Reuter 211  
*Emblethis gracilicornis* Puton 155  
*Geocoris socotranus* Kirkaldy 155  
*Lygus rugulipennis* Poppius 184  
*Macroscytus brunneus* (Fabricius) 155  
*Moissonia* Reuter 211  
*Nariscus spinosus* (Burmeister) 155  
*Orthops rubricatus* (Fallén) 184  
*Pachybrachius dubius* (Reuter) 155  
*Peritropis armillarius* Schmitz 151, 152  
 – *maculicornis* Linnavuori & Al-Safadi 151, 152  
 – *selene* Linnavuori sp. n. 151, 152, 155  
*Phaenotropis cleopatra* (Horváth) 155  
*Piezodorus rubrofasciatus* (Fabricius) 155  
*Pirates strepitans* Rambur 155  
*Scantius forsteri* (Fabricius) 155  
*Serranegra petrophila* Lindberg 155  
*Tarajala* Wagner 211  
*Tenosius proletarius* (Schaum) 155  
*Tuponia* (*Chlorotuponia*) *brevicornis* (Reuter) 211  
 – (*Chlorotuponia*) *filomele* Linnavuori sp. n. 209–211  
 – (*Chlorotuponia*) *guttata* Wagner 208, 209, 210  
*Tuponia altera* Wagner 208, 209  
 – *annulata* Wagner 205  
 – *bifasciata* Wagner 208  
 – *bilobata* Benedek & Jászai 208  
 – *canariensis* Wagner 209–211  
 – *carayoni vulnerata* Linnavuori 205, 206  
 – *dentifer* Wagner 206  
 – *elegans* (Jakovlev) 208, 209  
 – *macedonica* Wagner 206, 207  
 – *oculata* Wagner 209–211  
 – *punctipes* Reuter 211  
 – *pungens* Linnavuori 207  
 – *roseipennis* Reuter 207  
 – *semele* Linnavuori sp. n. 206, 208  
 – *sodomita* Wagner 209  
*Yotvata* (*Godataira*) *aqualla* Linnavuori 154  
 – *ectagela* Linnavuori 154  
 – *hadibo* Linnavuori sp. n. 151, 153–155  
 – *hawtana* Linnavuori 154  
 – *pulchella* Linnavuori 154  
 – *pulcherrima* Linnavuori 154  
 – *Salmana* Linnavuori 154  
*Yotvata* (*Yotvata*) *albobuncialis* Linnavuori 153  
 – *erifyle* Linnavuori sp. n. 151–153, 155  
 – *nergal* Linnavuori 153  
 – *picticornis* (Horváth) 153

### Homoptera

*Adelges* sp. 184  
*Aphis epilobiaria* Thunberg 4  
 – *fabae* (Scopoli) 110  
 – *fabae cirsiacanthoides* (Scopoli) 110, 111

– *idaei* van der Goot 111, 113  
 – *klimeschi* (Börner) 3, 4, 111  
 – *leontodontis* (Börner) 3, 4  
 – *molluginis* (Börner) 4  
 – *violae* Schouteden 3, 4  
*Aulacorthum* 111  
*Balclutha punctata* (Fabricius) 5  
*Chaitophorus populeti* (Panzer) 112  
 – *populialbae* (Boyer de Fonscolombe) 4, 5, 112  
 – *tremulae* Koch 4  
*Cinara* sp. 184  
*Elatobium abietinum* (Walker) 184  
*Empoasca vitis* (Göthe) 5  
*Geoica setulosa* (Passerini) 112  
*Glyphina* ?*pseudoschrunkiana* Blackman 110, 112  
*Macrosiphoniella* 111  
 – *absinthii* (Linnaeus) 110  
 – *artemisiae* (Boyer de Fonscolombe) 110  
 – *millefolii* (DeGeer) 110  
*Metopeurum fuscoviride* Stroyan 111  
*Peuceptyelus coriaceus* (Fallén) 5  
*Phenacoccus piceae* (Löw) 184  
*Pterocomma pilosum konoii* Hori ex Takahashi 110  
 – *salicis* Linnaeus 110  
*Uroleucon obscurum* (Koch) 5  
 – *pilosellae* (Börner) 5  
 – *tanacetii* (Linnaeus) 111  
*Zygina rosincola* (Cerutti) 5

### Hymenoptera

Further 20 *Atractodes* species and their synonymies are listed on pp. 129–133.

*Ablaxia squamifera* (Thomson) 5  
*Aleiodes gastritor* (Thunberg) 28, 30, 31, 33  
*Amauronematus* 135  
 – *compactus* Bogacheva 135, 136  
 – *harpicola* Bogacheva 135, 137, 138  
*Aniseres* 117  
 – *lapponicus* Jussila sp. n. 115, 117, 119, 121  
 – *pallipes* Förster 115–117, 119, 121  
 – *paradoxus* van Rossem 117  
*Apanteles* 28–31, 33  
*Aperileptus* 116, 120  
 – *microspilus* Förster 119  
 – *rossemi* Jussila sp. n. 115, 116, 119, 120  
 – *spoliator* Förster 119  
 – *viduatus* Förster 119, 120  
*Atractodes* 129  
*Bassus minutissimus* Zetterstedt 123  
*Caenolyda reticulata* (L.) 6  
*Campoletis varians* (Thomson) 30  
*Cotesia jucunda* (Marshall) 28, 30  
 – *melanoscela* (Ratzeburg) 32  
*Dacnusa* 8  
*Dacnusa aterrима* Thomson 8

- *bakurianensis* Gannota & Tobias sp. n. ..7-9
  - *cubocephala* <sic! = *bakurianensis*> 8
  - Dicolus pectoralis* Förster 119
  - *subtiliventris* Förster 119
  - Entypoma* 121
  - *robustator* Aubert 119, 121
  - Eulophus larvarum* (L.) 29-31
  - Helictes* 121
  - *fabularis* van Rossem 119, 121
  - *incongruens* van Rossem 119, 121
  - Itamoplex armator* (Villers) 33
  - Formica pratensis* Retzius 4
  - Lasius niger* (L.) 3
  - Megastylus pectoralis* (Förster) 119
  - Mesoleptus laevigatus* (Gravenhorst) 129
  - Myrmica rubra* L. 4
  - *sabuleti* Meinert 129
  - Orthocentrus* 122
  - *ambiguus* Holmgren 119, 122
  - *frontator* (Zetterstedt) 122
  - *hirsutor* Aubert 119, 122
  - *laticollis* Holmgren 123
  - *marginatus* Holmgren 122
  - *patulus* Holmgren 119, 122
  - *petiolaris* Thomson 122
  - *thomsoni* Roman 119, 122
  - Oxytorus luridor* (Gravenhorst) 129
  - Phobocambe neglecta* (Holmgren) 28, 30, 33
  - Plectiscidea* 120
  - *nava* (Förster) 119, 120
  - *substantiva* van Rossem 119, 120
  - *subteres* (Thomson) 115, 116, 119-121
  - *sustantiva* <sic!> van Rossem 120
  - Plectiscus subteres* Thomson 116, 120
  - Proclitus navus* Förster 120
  - Protapanteles immunis* (Haliday) 28, 30
  - Sinophorus turionus* (Ratzeburg) 29, 30
  - Stenomacrus laticollis* (Holmgren) 119, 123
  - *minutissimus* (Zetterstedt) 119, 123
  - Stilpnus tenebricosus* (Gravenhorst) 129
  - Symplexis breviscula* Roman 119, 122
  - *infavorabilis* van Rossem 122
  - *invisitata* van Rossem 115, 117, 119, 121, 122
  - Zeleeceptor* Wesmäl 29-31
- Lepidoptera**
- Further 592 entries from Kola Peninsula listed on pp. 65-83.
- Callimorpha dominula* (L.) 6
  - Calliteara pudipunda* (L.) 6
  - Cosmotes freyerella* (Hübner) 97, 102
  - Depressaria chaerophylli* Zeller 6
  - Elachista* 35
  - *adelpha* Kaila & Jalava sp. n. 97-99
  - *albifrontella* (Hübner) 35
  - *apicipunctella* Stainton 35
  - *argentella* Clerck 100
