

## Index to genera and species, Volume 11 (2000)

- A**
- Abies* 208, 234–235  
— *alba* 231–235  
— *grandis* 185  
— *sibirica* Ledeb. 59, 61  
*Abrolophus* Berlese 191–193  
— *neobrevicollis* Zhang & Goldarazena 192  
— *brevicollis* (Oudemans) 187, 191  
— *fuliginosum* 192  
*Absinthium* 204  
*Acer* 142  
— *platanoides* 232  
*Acherontia atropos* (L.) 135  
*Achillides cf. maackii* Men. 152  
*Acipenser stellatus* Pallas 9  
*Acleris emargana* (F.) 134  
— *laterana* (F.) 134  
— *notana* (Don.) 134  
*Acrolepiopsis assectella* (Zell.) 133  
*Acronicta lutea* Brem. & Grey 154  
— *major atritaigensa* Dubat. & Zolot. 152, 155  
— *major* Brem. 154–155, 157  
— *major major* Brem. 152, 155  
*Actias* Leach 153  
— *gnoma* Btl. 155  
*Adelges piceae* (Ratzeburg) 208  
*Adelura* Strand 239  
— *florimela* Foerster 239  
— *florimela* (Haliday) 239–242  
*Aegopodium podagraria* L. 49  
*Aelurillus festivus* 70  
— *v-insignitus* (Clerck) 70  
*Aesculus hippocastanum* L. 52  
*Aglais* 152  
*Aglaostigma* 88  
*Agria tau* L. 152  
*Agonopterix heracliana* (L.) 135  
*Agriphila selasella* (Hbn.) 134  
*Agrius* Hbn. 153  
*Agrochola helvola* (L.) 135  
*Ahlbergia frivaldszkyi* Led. 154–155  
*Allothrombium* Berlese 187, 190, 192  
— *fuliginosum* (Hermann) 187, 190  
*Alnus* 52, 133, 142, 223  
— *alba* 235  
— *glutinosa* (L.) 142  
— *hirsuta* (Spach.) 143  
— *incana* (L.) 142  
*Alysia (Alysia) florimela* Haliday 239  
— *(Alysia) perdita* Haliday 241  
— *striolata* Thomson 242  
*Amphipoea* 56  
— *crinanensis* 56  
— *fucosa* (Frr.) 135  
*Amurilla subpurpurea* Btl. 155  
*Ancylis apicella* (Den. & Schiff.) 134  
— *mitterbacheriana* D. & S. 154  
— *nemorana* Kuzn. 154  
*Andricus kollari* 48  
*Angelica* 203  
— *sylvestris* 203  
*Anisocyrta* Foerster 239–240  
— *alpinicola* van Achterberg 239–240  
— *longicauda* Tobias 241  
— *perdita* (Haliday) 239, 241  
*Anobium emarginatum* 52  
— *rufipes* Fabricius 49, 52  
*Antheraea* Hbn. 153  
*Anthonomus varians* 62  
*Anthriscus sylvestris* (L.) Hoffm. 45, 53  
*Antichaeta atriseta* (Loew) 3  
*Apamea furva* (Den. & Schiff.) 135  
— *unanimis* 56  
*Apatura* F. 151, 153, 155, 157  
— *ilia* D.&S. 151  
— *iris* L. 151, 154  
— *metis* Frr. 151  
*Apion opeticum* Bach 246  
*Apis cerana* 194  
— *dorsata* 194  
— *florea* 194  
— *mellifera* 194  
*Apoda* Haw. (= *Cochlidion* Hbn.) 153

- Aporia crataegi* (L.) 134  
 — *hippia* Brem. 155  
*Apotomis* 136  
 — *fraterculana* Krogerus 131, 134  
*Arabidopsis* 114, 186  
*Araeopteron* Hmps. 153  
*Arge* 88  
*Argyresthia goedartella* (L.) 133  
*Argyronome laodice* Pall. 151, 153  
*Arichanna melanaria* (L.) 135  
*Artemisia* 7–8, 234  
 — *austriaca* 7, 9–10, 13, 18, 20  
*Asalebria pseudoflorella* (A. Schmidt) 9  
*Asianellus festivus* (C.L. Koch) 70  
*Aspistes* Meigen 119  
 — *antydactylatis* Cook 122  
 — *berolinensis* Meigen 119–121  
 — *freyi* Cook 119, 121–122  
 — *helleni* sp.n. 119–120, 122–123  
*Astrenis* Förster 195, 198, 200, 208, 223, 225  
 — *brunneofacies* Vikberg 195, 198, 199, 200, 209, 213, 225  
 — *densa* Chiu in Chiu & Wong 208  
 — *nigrifacies* Vikberg sp. n. 198, 209–210  
 — *paradoxus* (Schmiedeknecht) 198  
 — *sinuatus* (Roman) 198  
 — *granum* Chiu 208  
 — *nigrifacies* 225  
 — *nigrifacies* Vikberg sp. nov. 195, 210, 212, 214  
 — *paradoxus* 223  
 — *paradoxus* (Schmiedeknecht) 195, 212  
 — *sinuatus* (Roman) 200, 208  
*Astrenus* 223  
*Asyntactus* Marshall 239, 242  
 — *rhogaleus* Marshall 239, 241–242  
 — *sigalphoides* Marshall 242  
*Atalophlebia* 95  
*Attus arenicolor* Grube 80  
 — *castriesiana* Grube 80  
 — *flavoater* Grube 73  
 — *fusconotatus* Grube 72  
 — *melanotarsus* Grube 70  
 — *nobilis* Grube 78  
 — *striatipes* Grube 85  
*Autographa gamma* (L.) 135  
 — *jota* 56
- B**
- Balaustioides tuxeni* Southcott 187, 191–192  
*Balsa* Wik. 153  
*Belenois crawshayi* Btl. 152  
*Bellardia stricta* (Villeneuve) 3  
*Belothrips* 191  
*Bergenia crassifolia* (L.) Fritsch. 61  
*Beris fuscipes* Meigen 2  
 — *strobli* Dusek & Rozkosny 2  
*Betula* 7, 142, 196, 206, 211, 223  
 — *alba* L. 142  
*Bianor aemulus* (Gertsch) 71  
 — *aenescens* Dunin 71  
 — *aurocinctus* (Ohlert) 71  
 — *aurocinctus* Logunov & Marusik 71, 75  
*Biorrhiza pallida* (Olivier) 51  
*Biselachista kebneella* (Traugott-Olsen & Schmidt-Nielsen) 131, 133, 136  
*Blastesthia turionella* (L.) 134  
*Bledius defensus* Fauvel 230  
*Bobeckia striolata* 242  
*Boletophagus reticulatus* (L.) 191  
*Bombus* 218  
 — *argillaceus* 218  
 — *hortorum* Mehlbeere 218  
 — *agrorum* (Fabricius) 217–218  
 — *lapidarius* (Linnaeus) 218  
 — *pascuorum* (Scopoli) 218  
*Boraginobius* Wagner 245  
*Borkhausenia fuscescens* (Hw.) 133  
*Brachonyx pineti* 62  
*Brachygluta haematica* (Reichenbach) 230  
*Brachylomia viminalis* (F.) 56, 135  
*Brachynotocoris puncticornis* Reuter 237  
*Brachypodium pinnatum* (L.) 58  
*Bracon* 125  
 — (*Lucobracon*) *erraticus* Wesmael 126, 127  
 — (*Lucobracon*) *flagellaris* Thomson 126–127  
 — (*Lucobracon*) *polaris* Hellén 125–126  
 — *dallatorrei* Szépligeti 127  
 — *erraticus* Wesmael 127–128  
 — *flagellaris* Thomson 128  
 — *polaris* Hellén 125–128  
*Brassica* 186  
*Butomus umbellatus* 243

## C

- Cacile maritima* 4  
*Callicorixa praeusta* (Fieber) 184  
*Callimorpha dominula* L. 156  
*Calliphora subalpina* (Ringdahl) 3  
*Callistegi mi* (Cl.) 135  
*Caloptilia elongella* (L.) 133  
*Camptobrochis* Fieber 233  
 — (*K.*) *putoni* 234  
*Camptobrochis punctulatus* Fallén 233  
*Caragana* 7  
*Carex* 58, 230  
*Carpinus* 142, 144  
*Carrhotus detritus* 71  
 — *xanthogramma* (Latreille) 71  
*Catocala adultera* Mén. 135  
 — *dula* Brem. 154, 157  
 — *sponsa* L. 154  
*Cedestis farinatella* (Dup.) 133  
*Cedrus* 237  
*Celaena haworthi* (Curt.) 135  
*Celia curruca* Dahlbom 36–37  
 — *troglydites* (Lind.) 35  
*Celtis* 144  
*Celypha rufana* (Sc.) 134  
*Cerastis rubricosa* (Den. & Schiff.) 135  
*Ceutorhynchellus cakilis* (Hansen) 4  
*Ceutorhynchus* Germar 245  
 — *larvatus* Schultze 245–246  
 — *pallidicornis* Gougelet & Brisout de Barneville 230, 245, 256  
*Chaetostevenia brevicornis* 1  
*Chalcoscirtus (Chalcosibiricus) alpicola* (L. Koch) 71  
 — (*Chalcosibiricus*) *glacialis* Caporacci 72  
 — (*Chalcosibiricus*) *hyperboreus* Marusi 72  
 — (*Chalcosibiricus*) *tanyae* Logunov & M 72  
 — *alpicola* 71  
 — *carbonarius* Emerton 71  
 — *glacialis* 68, 72  
 — *glacialis sibiricus* Marusik 72  
 — *grishkanae* Marusik 72  
 — *hyperboreus* Marusik 72  
 — *micans* (Caporiacco) 68  
 — *tanyae* Logunov & Marusik 72  
*Charletonia* Oudemans 191–193  
 — *cardinalis* (C.L. Koch) 187, 191  
 — *singularis* (Oudemans) 191–192  
*Cheilisia sootryeni* 1  
 — *vernalis* (Fallén) 1  
*Chersotis cuprea* (Den. & Schiff.) 135  
*Chionodes electella* (Zell.) 134  
*Chloroclysta v-ata* Hw. 151  
*Chlosyne* Butler 167, 173  
 — *janais* 174  
 — *lacinia* 174  
*Chrysoesthia sexguttella* (Thnbg.) 134  
*Chytonix* Grt. 153  
*Cicadetta montana* Scopoli 190  
*Clambus* Fischer von Waldheim 230  
 — *gibbulus* (Le Conte) 230  
 — *nigrellus* Reitter 229–230  
 — *puctulum* (Beck) 230  
*Clethrionomys glareolus* Schreb. 191  
*Cloeon* 89–90, 94  
*Cochylis nana* (Hw.) 134  
*Coenocalpe lapidata* (Hbn.) 134  
*Coenonympha leander* Esp. 151, 156  
 — *sarcania* L. 151, 156  
*Coleophora milvipennis* Zell. 133  
 — *vestianella* (L.) 134  
*Condica* Wlk. 153  
*Corixa dentipes* (Thomson) 184  
*Corylus* 233  
 — *avellana* 194  
*Cotesia bignellii* (Marshall) 172  
 — *margiventris* 185  
 — *melitaeorum* (Wilkinson) 169  
*Creophilus erythrocephalus* (Meyer-Rochow) 130  
*Cybosia mesomella* 56  
*Cydia coniferana* (Saxesen) 135  
 — *indivisa* (Danil.) 134  
*Cymatia bonsdorffii* (C. Sahlberg) 183

## D

- Dahlica charlottae* (Meier) 133  
*Damora sagana* Dbld. 154  
*Dapsilarthra (Adelurolo) florimela* 239  
 — *florimela* 239  
*Demophorus* Thomson 215  
*Dendryphantes atratus* 82  
 — *biankii* 72  
 — *czekanowskii* Prószyński 72  
 — *fusconotatus* (Grube) 72  
 — *rudis* (Sundevall) 73

- Depressaria sordidatella* Tgstr. (= *weirella* Stt.) 133  
*Deraeocoris* 233–234  
 — *approximatus* Stål 236  
 — *flavilinea* (Costa) 237  
 — *lutescens* 232–233  
 — (*Knightsocapsus*) *lutescens* (Schilling) 231–233  
 — (*C.*) *punctulatus* 234  
 — *lutescens* (Schilling) 231–234, 237  
 — *putoni* Montandon 233  
*Diachrysia (chrysitis) chrysitis* 56  
 — (*chrysitis*) *tutti* 56  
*Dianous coeruleus* (Gyllenhal) 229  
*Diarsia florida* 56  
 — *rubi* (View.) 135  
*Dicranura stsvetajevi* Schintlm. & Svir. 154  
 — *ulmi* D. & S. 154  
*Dioryctria schuetzeella* (Fuchs) 134  
*Dryobius roboris* (L.) 190  
*Dysgonia* Hbn. 153  
*Dyspetes* Förster 88  
 — *arrogator* Heinrich 88  
 — *fracticeps* Townes 88  
 — *praerogator* (Thomson) 88  
 — *praerogator* Thomson 88
- E**
- Earobia* 195, 206, 208  
 — *minor* Townes & Townes 206–207  
 — *paradoxa* (Perkins) 198–199, 206–207, 225  
*Echthrolaricobius* Perkins 206  
 — *paradoxus* Perkins 206  
*Ectoedemia minimella* (Zett.) 131  
*Eilema complanum* 56  
 — *lurideolum* 56  
*Ematurga amatoria* L. 191  
*Empusa muscae* 129  
*Entomophthora muscae* 130  
*Ephestia elutella* (Hbn.) 134  
 — *kuehniella* (Zeller) 134  
*Epicallia villica* L. 151, 156  
*Epinotia brunnichana* (L.) 134  
 — *demarniana* (F. v. R.) 134  
 — *maculana* (F.) 134  
 — *nisella* (Cl.) 134  
 — *solandriana* (L.) 134  
*Epione repandaria* (Hufn.) 135
- Epiplema* H.-S. 153, 155  
 — *fuscifrons* Wtr. 155  
*Epistathmus crassicornis* Horstmann 225  
*Eretmocera medinella* (Staudinger) 21  
*Ergane albifrons* Kulczynski 73  
*Erythraeus* Latreille 191–192  
 — *gertrudae* Haitlinger 187, 191  
 — *monikae* Haitlinger 187, 191  
*Eucosma guentheri* (Tgstr.) 134  
 — *hohenwartiana* (Den. & Schiff.) 134  
*Eudocima* Billb. 153  
*Euleia cognata* (Wiedemann) 240  
*Euophrys* 73  
 — *erratica* 70, 82  
 — *flavoatra* (Grube) 73  
 — *frontalis* (Walckenaer) 73  
 — *iwatensis* 82  
 — *kataokai* 73  
 — *proszynskii* Logunov, Cutler & Marusik 73  
*Eupelmella vesicularis* 51  
*Euphydryas* 167–168, 173–174  
 — *aurinia* (Rottemburg) 167–168, 172–174  
 — *matura* (L.) 167–168, 171–174  
*Eupithecia indigata* (Hbn.) 135  
*Euplagia quadripunctaria* Poda 156  
*Eurodryas* 167  
*Eurrhyncha hortulata* (L.) 134  
*Eutelia* Hbn. 153  
*Euxoa decora* 56  
*Evarcha albaria* (L. Koch) 73  
 — *arcuata* (Clerck) 74  
 — *falcata* (Clerck) 68, 74–75  
 — *laetabunda* (C.L. Koch) 74  
 — *michailovi* 74  
 — *proszynskii* Marusik & Logunov 68, 74  
*Eversmannia* Chr. 155  
 — *exornata* (Eversmann) 151, 155, 157  
*Exaeretia ciniflonella* (Zell.) 133  
*Exapate congelatella* (Cl.) 134  
*Exoteleia dodecella* 134
- F**
- Fagus* 142, 144  
*Fixsenia herzi* Fixs. 155  
*Fomes fomentarius* 229  
*Fragaria* 114  
*Fraxinus* 142

**G**

- Glaenocorisa* 184  
 — *cavifrons* (Thomson) 183  
 — *propinqua* (Fieber) 183  
*Gnypeta ripicola* (Kiesenwetter) 229–230  
*Gordius* 129  
*Grandjeanella* 193  
*Graphiphora augur* (F.) 135

**H**

- Habrosyne* Hbn. 153  
 — *pyritoides* Hfn. 151, 153  
*Hada plebeja* (L.) (= *nana* Hfn.) 136  
*Hambergiella* Roman 208  
 — *sinuata* Roman 208, 210  
*Harmochirus latens* (Logunov) 70, 75  
 — *nigriculus* Logunov & Wesolowska 71, 75  
*Harmochirus pullus* (Bösenberg & Strand) 75  
*Hauptmannia* Oudemans 191–192  
 — *wratislaviensis* Haitlinger 187, 191  
*Heamatopota pluvialis* (L.) 191  
*Helicophagella crassimargo* (Pandellé) 3  
*Heliophanus baicalensis* Kulczynski 75  
 — *camtschadalicus* Kulczynski 75  
 — *dubius* C.L. Koch 76  
 — *flavipes* (Hahn) 76  
 — *lineiventris* Simon 76  
 — *patagiatus* Thorell 76  
 — *ussuricus* Kulczynski 75–76  
*Heliothis maritima* 56  
 — *viriplaca* 56  
*Hemaris radians* Wlk. 155  
*Hesperocorixa linnaei* (Fieber) 184  
*Horisme tersata* (Den. & Schiff.) 135  
*Hydraecia* 56  
 — *micacea* 135  
 — *nordstroemi* 56  
 — *ultima* 56  
*Hylobius* 57–59, 61, 63–64  
 — *abietis* 57, 59–62, 64  
 — *abietis haroldi* (Fang San-Yang) 61  
 — *albosparsus* Motschulsky 57, 59–64  
 — *congener* Dalla Torre, 64  
 — *gebleri* Boheman 60–61, 64  
 — *haroldi* Faust 60–61, 64  
 — *piceus* De Geer 60–61, 64  
 — *pinastri* Gyllenhal 59–63

- *transversovittatus* Goeze 60–61, 64
