KONFERENSSIT/CONFERENCES

HELINA 2021 Conference: Pan-African health informatics conference 2021, 18-22.10.2021 Kampala, Uganda and Virtual

The conference will be hosted by the Uganda Health Informatics Association (UgHIA – <https://ughia.org>) in partnership with the Makerere University, School of Public Health and the Ministry of Health (MOH), Uganda under the theme “Leveraging Digital Health Interventions to Enhance Prevention, Response and Control of Public Health Emergencies in Low and Middle-Income Countries”.

The main theme for the Conference was inspired by the Covid-19 pandemic and the role that digital health technologies play in such public health emergencies and particularly, their increasing adoption and use during the current pandemic. The conference will also focus on digital solutions in routine care and the role of digital health in supporting continuity of care in a pandemic such as Covid-19.

EFMI STC 2021, 22.-24.11.2021

Conference Theme:

Applying the FAIR principles to accelerate health research in Europe in the post-Covid19 era

Conference topics include

(but are not limited to):

Methods for the adoption of FAIR principles
Precision medicine FAIR-based
Artificial Intelligence in health FAIR data driven
Privacy and security aspects applying FAIR in health research
FAIR and Covid-19 (and other infective diseases) research data
FAIR on infrastructures and software
Metadata, ontologies and terminologies to support sharing of health research data
Paradigms to share health research data

AMIA's 2022 Clinical Informatics Conference (CIC), 24.-26.5.2022, Houston, TX, USA

The CIC is the signature conference where practitioners of applied clinical informatics showcase their latest research and technology. The conference's unbiased, evidence-based, and more importantly, experience-based content helps foster advanced and favorable healthcare outcomes.

The CIC encourages clinician informaticists of all disciplines –physicians, nurses, physician assistants, technicians, HIT developers, data analysts, C-suite executives, and more-- to share their innovative healthcare knowledge.

Submit

(https://s4.goeshow.com/amia/cic/2022/abstract_details.cfm) an abstract for a panel, workshop, presentation, Ignite-style Talk, and more on topics such as clinical documentation burden,

interoperability, and care coordination. By submitting to CIC, you help impact the future of informatics by offering content that attendees can take back to their care settings and implement. Be the change in clinical informatics.

Submission deadline: November 30, 2021.
