Submit Your Research Paper to the Nordic Conference on Digital Health and Wireless Solutions 2026

The Nordic Conference on Digital Health and Wireless Solutions 2026 (NCDHWS2026) will take place at the University of Oulu's Kontinkangas campus on June 16–17, 2026. Paper proposals can be submitted no later than January 15, 2026.

This event brings together researchers, physicians, nursing professionals, engineers, and industry representatives to explore how digital health and wireless innovations can transform healthcare systems. The theme is: **“From diverse data to better health.”**

The multidisciplinary conference is organized by the University of Oulu's 6GESS and DigiHealth research programs in collaboration with Profi6-Fibroesity, Profi8-Health Dimensions, Oulu Brain & Mind, and regional partners OAMK, Oulu University Hospital, Pohde, and BusinessOulu.

Detailed information on Digital Health session themes and author guidelines can be found at:

<https://nordic-digihealth.com/authors/>

We accept three types of papers: full papers, short papers, and abstracts. Accepted full and short papers will be published in Springer's **“Communications in Computer and Information Science (CCIS)”** series (classified as JUFO1), with open access and indexing in international databases (including Scopus, DBLP, EI Compendex, INSPEC, SCImago, zbMATH). Abstracts will be included in the background section of the published proceedings.

Each accepted paper—regardless of type—will be assigned either a rapid oral presentation slot or a poster spot during the conference.

The program includes over 20 keynote lectures by international experts, presentations of accepted research papers, poster sessions, company and project exhibitions, and visits to Oulu's new university hospital as well as industry and research laboratories. The Early Bird registration fee is €249, including meals, the City of Oulu reception, and the gala dinner.

Important dates:

- Paper submission: January 15, 2026
- Notification of acceptance: March 15, 2026
- Early Bird registration: April 15, 2026

Join us to network with digital health researchers—last time in 2024, the conference attracted over 250 participants!
