KONFERENSSIT/ CONFERENCES

Twentieth Anniversary Conference on eHealth in Finland! Espoo, Finland, 9.–10.4.2015

Organisers: Finnish Society of Telemedicine and eHealth and Laurea University of Applied Sciences.

Main themes:
- Nordic Collaboration in eHealth Innovations
- ICT and Health
- Health Cybersecurity
- Prevention and Self-management
- Health Apps Revolution

More information coming to our web-pages, see www.telemedicine.fi.

Registration opens in January 2015.

MIE2015, Madrid, Spain 27.–29.5.2015

The European Federation for Medical Informatics (EFMI) and the Spanish Society of Health Informatics (SEIS), Spain invite you to submit your contributions to the 26th Medical Informatics Europe Conference, MIE2015, which will be held from 27 to 29 May 2015 in Madrid, Spain. The theme of MIE2015 is "Digital healthcare empowering Europeans".

Full information on MIE2015 is at www.mie2015.es and the call information is also on the EFMI website at www.efmi.org/index.php/91-call-for-papers-mie-2015

MEDINFO 2015, São Paulo, Brasilia 19.–23.8.2015

15th World Congress on Health and Biomedical Informatics is calling you! Under the theme entitled "eHealth-enabled Health," the international community will meet 19-23 August 2015 in São Paulo, Brazil to share knowledge and discuss how eHealth and Biomedical Informatics innovations are addressing the most challenging problems in health care, public health, consumer health and biomedical research.

Important Dates

Deadline for Full Paper, Student Paper, Vision Paper and Poster submissions 15.12.2014

See more: http://www.medinfo2015.org/

HIMSS15 – Chicago, USA, 12.–16.4.2015

HIMSS Annual Conference and Exhibition will be held on April 12-16, 2015 in Chicago, IL, USA. Further information will be available through the conference website: http://www.himssconference.org

---

ACENDIO Bern, Switzerland, 16.–18.4.2015

The 10th European Conference of ACENDIO aims to disseminate knowledge on eHealth in order to improve patient care. Core concepts of nursing represented in nursing classifications and standardized nursing languages will be presented, along with Nursing Informatics standards to ensure global consistency in conceptual work to inform clinical practice, health informatics and health policy.

AMIA 2015 Joint Summits on Translational Science, San Francisco 23.–25.3.2015

The Joint Summits serve as the primary forum to connect with leaders in the field of informatics who are advancing translational science at the nexus of bioinformatics and clinical research. The theme of the 2015 Joint Summits is accelerating precision medicine and patient-centered outcomes research through discovery, development and delivery. This meeting will bring together translational scientists and informatics researchers and practitioners from academia, industry, government and non-profit sectors to share knowledge and best practices, and to forge collaborations across boundaries

The Summit on Translational Bioinformatics followed by the Summit on Clinical Research Informatics (CRI) on March 25-27, 2015.

See http://www.amia.org/jointsummits2015 for full information.

ITCH2015, Victoria, Canada 26.2.–1.3.2015

The ITCH2015 conference (International Conference on Information Technology & Communications in Health), organised by the University of Victoria School of Health Information Science (http://www.uvic.ca/hsd/hinf/) will be held on February 26–March 01, 2015 at the Inn at Laurel Point, Victoria, BC, Canada. The theme of ITCH2015 is *Driving quality in informatics.*

AIME 2015, Pavia, Italy, 17-20.6.2015

The AIME 2015 conference will be a unique opportunity to present and improve the international state of the art of AI in Medicine from perspectives of theory, methodology, and application. For this purpose, AIME 2015 will include invited lectures, full and short papers, tutorials, workshops, and a doctoral consortium. Specific attention will be given in the main conference to the theme "AI methods and approaches to address big biomedical data challenges".

The submission deadlines are:
Regular and Short Abstract Submission Deadline: January 26, 2015
Regular and Short Paper Submission Deadline: February 2, 2015

Global Telehealth 2015 Conference, Toronto, Canada, 29.–30.5.2015

The 4th GLOBAL TELEHEALTH Conference for Peer Reviewed & Applied Learning with the theme Serving the Underserved: Integrating Technology and Information for Better Healthcare will be held on 29.-30.5.2015 in Toronto. Bring your study and research findings, present and network with your Canadian and international colleagues and be a part of the innovation, evolution and development of telehealth, mobile health and virtual health, all for the betterment of our patient populations in every community and region.
