

ACKNOWLEDGEMENTS

The organizing of this conference was made possible through financial support from The Finnish Ministry of Education. The organizing committee also acknowledge the support from The Academy of Finland for the publication of these proceedings. We are indebted to the authorities of the Åland Islands, the Parliament and the Government for generously supporting the social programme. Thanks are also due to mr Stig Dreijer, head of Ålands Museum.

We express our gratitude to the large number of contributors from outside the Nordic region for attending the conference, giving lectures, and participating in stimulating discussions.

We thank Eloni Sonninen and Pekka Erämetsä for their handling of the practical conference arrangements in a kind and efficient way. We also thank a number of people at Ålands Museum and The Radiocarbon Dating Laboratory at the University of Helsinki for help with running the conference.

We are indebted to The Finnish Antiquarian Society for providing the opportunity to publish the proceedings of the conference in their Journal *Iskos*.
