A NOTE FROM THE EDITOR

Lotta Aunio

One of the greatest gifts of this job for me has been getting to know Kaj and working with him. His experience in editing scientific works, and publishing in general, has been an invaluable help and source of inspiration for me. Kaj is always willing to review another article, check another reference, and correct another transliteration. And most of all, he can be counted on to give his honest opinion without making others feel that they should share it.

I couldn't be more excited to dedicate this book to you, Kaj. Thank you for teaching me so much! I hope you won't find this book to be an example of how much we still need to learn, but I'm sure you will find enough mistakes to assure you that your help is still needed – such as finding another full stop in italics where it should be in regular type.
